Our Gang Has Much to

LEFT: "Roots", the T.V. special adapted from Alex Haley's prize-winning book, took America by storm. It caused Americans to become truly interested in their ancestry.

BELOW: The winter of seventy-seven will long be remembered as the coldest winter in the history of the United States. Temperatures dipped as low as -60° in some Mid-Western areas; while in other areas, as much as 126.6 inches of snow fell that winter. This particular winter deserves the title, "The Big Freeze."

RIGHT: The United States entered a new dimension for space exploration. A re-useable space shuttle, called Enterprize (named after the Star Ship Enterprize, of the Star Trek T.V. series). It will be able to land on the ground, rather than in the water, as previous models. It has gone through many successful testings, and should be ready for use by 1979 or 1980.

Elvis Presley, an American legend died on August 16, 1977; he was forty-two years old. Elvis started his singing and acting careers in the midfifties where he captured the hearts of many. One of his most memorable television appearances was on the Ed Sullivan Show in 1956. On this particular show, he shook his torso to such an extent, that they only filmed his head and shoulders. But as he became more popular, this became his trademark.

Elvis was just as popular in the seventies, as he was in the fifties, and will always be remembered as, the King of rock & roll.

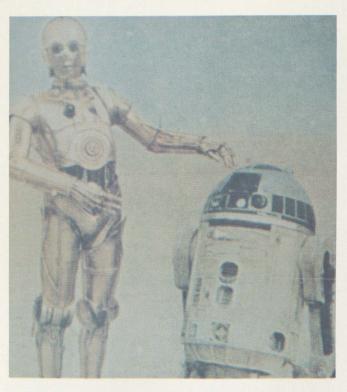

Remember in Seventy-Eight

CENTER: Star Wars was labeled the most popular movie of seventy-seven. Not only was it popular in the theaters, but in other areas also. Marvel Comics Inc., put out a limited edition of "Star Wars" comic books. T-shirts and posters were produced. The Halloween Costume industry also added to this by marketing reproductions of the costumes worn by some of the actors.

BELOW: Pele, the world's most active volcano erupted once again, on the island of Hawaii, causing the evacuation of many people.

'77-'78 HAPPENINGS

Bert Lance resigned as U.S. Budget Director, in September of seventyseven. He was accused of not being responsible enough for the position (he himself had over \$4 million in bank loans, none of which was known to have been returned).

After seventy-one years, the United States has decided to put the Panama Canal back into the control of the Panamanian government, gradually by the year two-thousand.

Queen Elizabeth II of England began the celebration of her Silver Jubilee in February, and it concluded in October of seventy-seven. This celebration marked the twenty-fifth anniversary of Elizabeth's reign as Queen of England.

After sixteen months of discussion, the Federal Government finally gave the go-ahead for the British-French Concorde Jet to land in a few of the larger U.S. cities. This is just a test, though, in order to examine the noise levels of the Concorde.

Reggie Jackson of the New York Yankees, became the only World Series ball player to hit five home runs in one world Series, since Henry Gehrig, who hit four in the 1928 World Series. Reggie was also the only ball player to hit three home runs in one game, since Babe Ruth, who hit two.

Crooner Bing Crosby died at age 72, on October 14, 1977, while golfing in Spain. Out of all his recordings, the most memorable (and popular) was "White Christmas", which sold over ten million copies in only one week.

Groucho Marx, of the comedy quartet of the thirties, "The Marx Brothers", died in August of seventy-seven. A brilliant man, who always had something funny to say.

In late October of seventy-seven, many unsuspecting people were skyjacked or kidnapped. The purpose of these personal invasions was to release political terrorists from prisons all over the world.

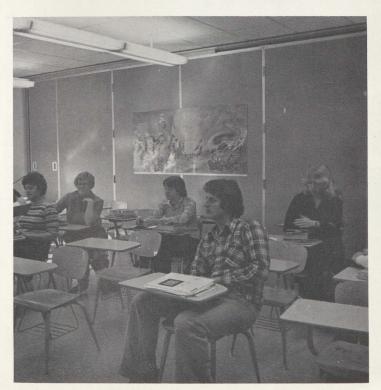

TOP-LEFT: Mr. Bogar examines his notes with a smile; hey Mr. Bogar, don't make your class wait too long.

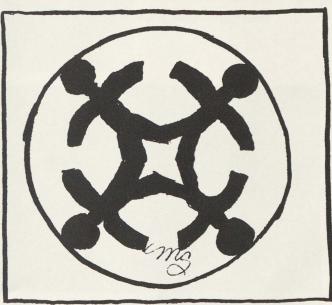

ABOVE: Dave DeVille smiles at the camera as he unloads some books from his locker.

CENTER: Ron Bass leans back and laughs as he reads some papers. What's so funny, Ron?

BOTTOM-LEFT: Sue Greefelder, Ann Mahoney, Patty Mahoney, Neale Maude, and Diane Schlaak, look occupied with things other than their work for their class.

Now that the Senior Class has greeted their final year, it is now time for them to prepare to become individuals, no longer will they be one large group; no longer will they be one large class. No longer will they be in. . . Our Gang.

Senior Class Officers: Ann Manning, Secretary; Ben Cole, Vice President; Leslie Varner, President; Sally Basovsky, Treasurer.

Maureen Mahoney, Sally Shooltz, Sue Amman, Roberta Ryan all show teamwork.

Seniors Share Wisdom, Advice About Survival at Chesaning High School

As their final year drew to a conclusion, we asked Seniors how they made it through. What advice do they want to share with the students of CHS about getting through four years of High School successfully?

Jon Sutton: "The way to achieve your goals is by perserverance in your attempts and patience with your surroundings. If you attempt something, give it your all; do your best; don't just get by."

Beth Rehmann: "What ever you do, enjoy yourself 'cause this is the only Senior year you'll have."

Wayne Martin: "To make it through CHS, you need to have all the fun you can so you don't go crazy."

Diane Schlaack: "It's important not to have a bad attitude. If you come to school in the morning feeling rotten, the day probably will be." Beverly Mitas: "They key to success is study hard, have loads of pati-

ence and take every day, one at a time!"

fully yet having a good time. This will set a good example for the class under you.

Sue Amman: "You have to push yourself and think about graduating.

Try Hard!!"

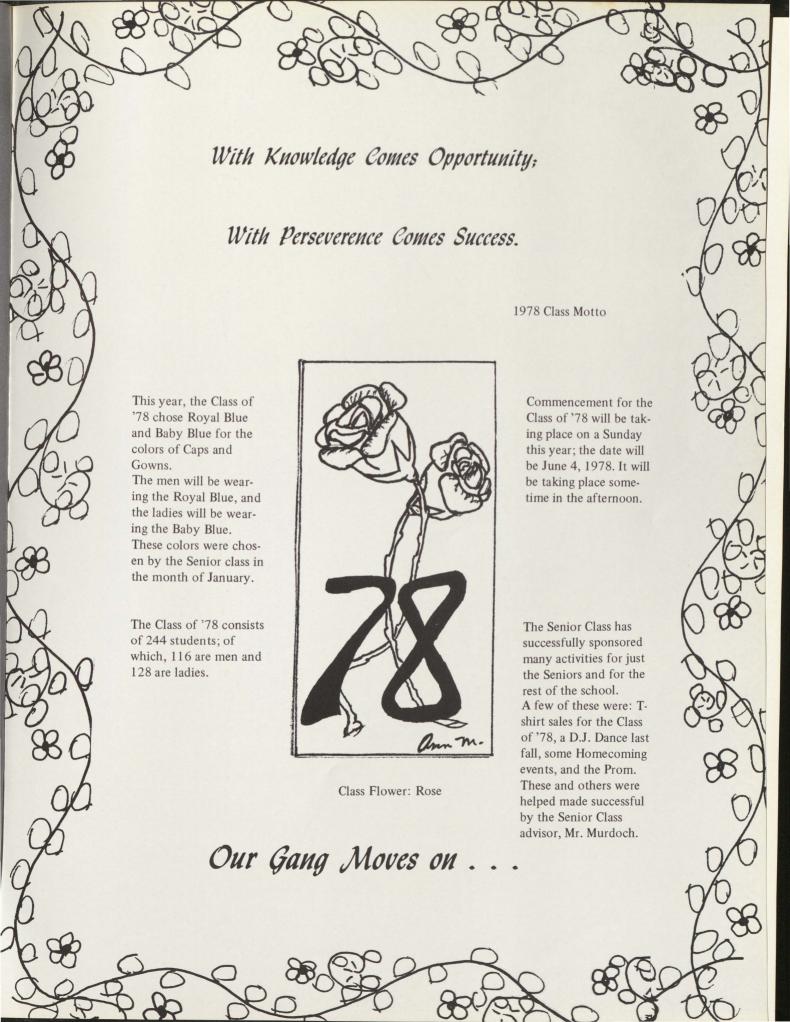

Jeff M. Kulhanek: "To make it big in your Senior year, take Mrs. John ston's Government class, because her quizzes are easy; her class is fun.

Steve Hemgesberg: "First you have to figure out a way to beat the

Laura Devota: "To me, the key to surviving the trials of your High School years is by perserverance and getting along as best as you can with follow classmates."

Nancy Toma: "Believe half of what you see, and none of what you bear"

Don Krause: "My advice to next year's Seniors is that when you go of with your girl, don't wait till you total your car to go parking."

Foreign Exchange Students

"My name is Roberto Dugand Escobar. I was born in Barranquilla, Columbia on November 19, 1960. I studied in Karl C. Parrish school since Kindergarten. It is a bilingual school and there I learned English. I have two brothers, Ronald and Marcel and one little sister, Liliana. I like the most: Soccer, bowling, and swimming. I also enjoy snowmobiling and bloody movies. I came to the States as an exchange student because some friends were doing so and I became enthusiastic about it. About the school, I can tell you that it is very nice. I also enjoy the fact that they let you choose the subjects you want to take. In my country you have to study what the government tells you, except vocational. The teachers here are very friendly and like to help you a lot. Now about the community, the people are very open. They care for you and make you feel like at home. I really like Michigan, especially the Saginaw Valley Area because it is still wild and not polluted. I also enjoy your national sport, football which caught my attention and now I really like it. I want to thank all the people here for accepting me in their community and especially my host family Mr. and Mrs. William Hirschemberger, Mr. Russo and for all of those who offered me their friendship. Thank you! I'll always remember you all."

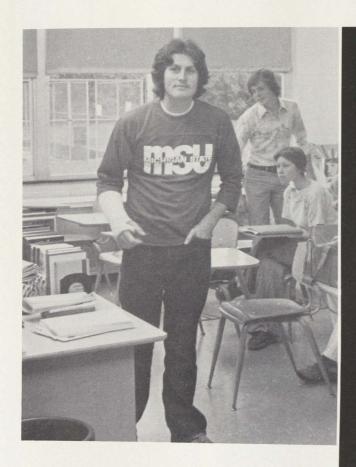

Robert Dugand E.

"My name is Arend Smink and I was born in Enschede, a city in the eastern part of the Netherlands. When I became six, I started visiting a primary school. This is a school you have to visit until you are twelve or thirteen years old. After primary school I started visiting high school in Netherlands. The Dutch high school is not the same as an American high school. Some of the school rules are different. In Chesaning High School you may do some things that you may not do in a Dutch high school. I live in the community of Oakley therefore I do not know that much about the town of Chesaning, but Chesaning is populated with, as far as I know, very nice people and people here really like activities such as the Honeybee Festival, and Chesaning as Showboat City. When you want to ask me about the country, well I don't know too much about the country because I have not been in all parts of it. I had a beautiful trip to Canada and on the way there I saw a lot of Michigan. It is a state with a lot of beautiful woods and lakes. I can still say that I enjoy my stay in the U.S.A. and I hope I will continue having a nice time till I leave which will be in July of 1978."

Increase Our Cultural Awareness

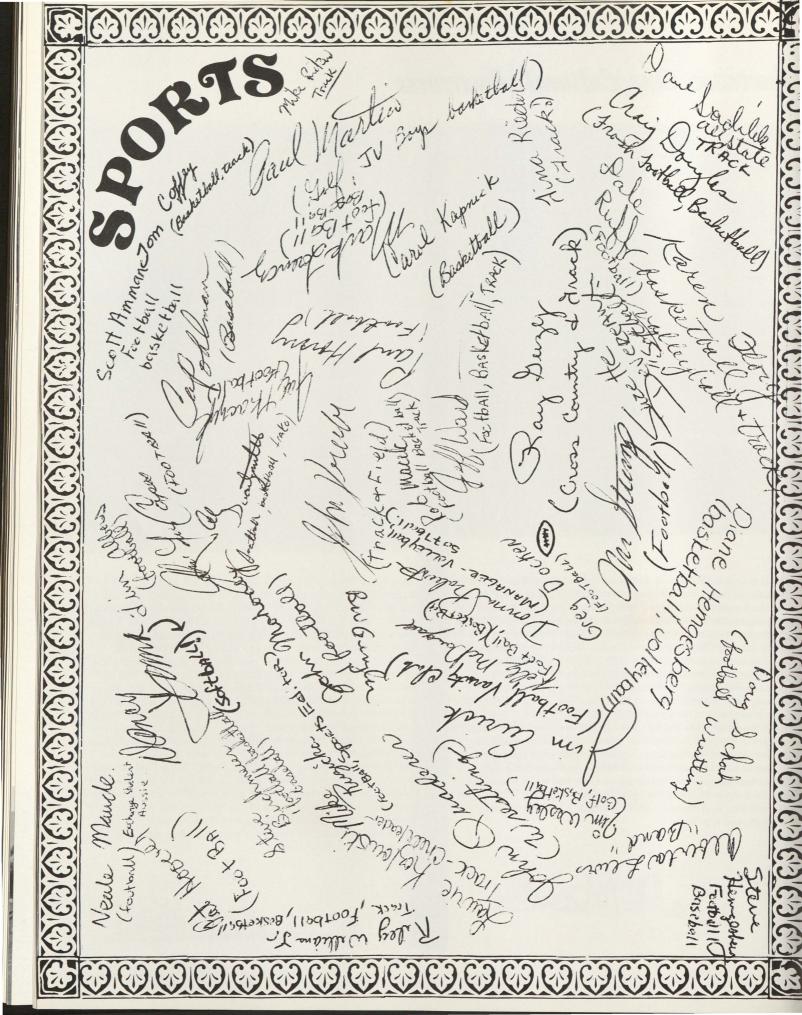

Neale Maude is 18 years old and the son of Mrs. E.F. Maude of Nowra, New South Wales Australia. Neale was able to come to Chesaning under the Rotary International Youth Exchange Program. He arrived on January 16, 1977, "The coldest day of the century," he said, "it was 95 degrees when he left home and it was 20 or 30 when he arrived. He really likes the Chesaning School System. He feels the students and teachers have been very friendly and helpful. He said the system here allows for more specialization in subjects whereas in Australia, students do one subject for the length of time they are in high school. "Chesaning is a very small town but it has a relaxing atmosphere. The people have done a lot for me and I really like the place." Neale likes most American foods but says he has really developed a taste for good spaghetti. His hobbies are sailing, which he did a lot of in Australia. He has also been making Super 8 films for three years and as a result of this he hopes to have a career in film or television production. Neale feels the most interesting aspect of his trip here has been meeting the people-especially the host families, Mr. and Mrs. C.V. Wright, Mr. and Mrs. A. Rehmann, and Mr. and Mrs. J. Shooltz who have really looked after him.

"My name is Thomas Dinneny. I was born on November 1, 1960, in Barranquilla Colombia, South America. I studied up until my Junior year in a United States Private School in my country. I was planning to study in the United States of America about two years ago. Shortly after I became involved with the Florida Cultural Exchange Program and that is why I am here. I'm happy because I've found that the people of the city and school are very open and friendly. I really like this school more than my school in Colombia because here they enforce more of the sports in school. I thank Mr. and Mrs. William Coe for accepting me in their family and giving me the love as another son and I really appreciate it. I thank everybody for opening their friendly arms to make me feel like home, now that I am far away from it. I've been in the United States of America before but not for a whole year, only for vacation for approximately two or three months at a time. The United States is a highly developed country which I only know a little of it, but the places which I know are very nice and exciting like Chesaning. It is a big town but it's a place in which you know almost everybody. When I leave I would like to have very nice memories of Chesaning Union High School and again I thank everybody for helping me and remember for Tom will always remember and will be friends with all of you forever."

CHS Athletes and Fans; Mutual Support Story

Athletics at Chesaning High School have added much to the class spirit of the students. The excitement of a football game—the endurance of a basketball game—the enthusiasm of a baseball or a softball game. All of these things and more, have made sports at CHS something to look forward to; Whether the sport takes place in sunny—overcast—rainy—or snowy weather. The students always show up to support their athletic teams. And the athletes always give their all for the students—because the students help "fire them up."

The win over St. Charles made the town and team very happy, but left the St. Charles team shocked and out of the playoffs. The Freshmen Football team, under the coaching of Craig Douglas and Cap Pohlman, ended their season with a 2-5-1 record. This record is very deceiving in that four out of five of their losses were by one touchdown or less. The only exception to this was the game with Swan Valley where they fell behind too early in the game and couldn't catch catch up.

The coaches have one hope for the team next next year as JV's: That they will work hard to improve themselves for next fall in order to turn some of those tough losses this seasson into victories next fall.

The 1978 Junior Varsity Boys' Basketball team is gaining experience. The team is based on speed, defense, and hustle. The philosophy of the Junior Varsity team is to develop fundamentals and skills for the Varsity level as a primary goal, and winning as a secondary goal. This is something that is hard to get across to the players and to the spectators. The players rebound the ball very well. Steve Birchmeier leads the team with a 9.4 game average. Chuck Larner has an 8.1 average and Wes Leckenby and Darren Mort have a 4.3 average. Steve Birchmeier is the leading shooter also. Steve has a 45% shooting average. Tom Lister has a 42% and Chuck Larner has a 43% average. The leader for free throws is Chuck Larner. He has a 65% average while Wes Leckenby averages 50%. Jeff Neumeyer has a 54% average. Every member of the team has the opportunity to play because they all work hard in practice during the week.

This year's Varsity basketball team has had a tough time, losing two of their games by one point, and another two by just two points.

"Our biggest problem," said Coach Molnar, is that we are not consistent enough at the free throw line and we don't win the close games."

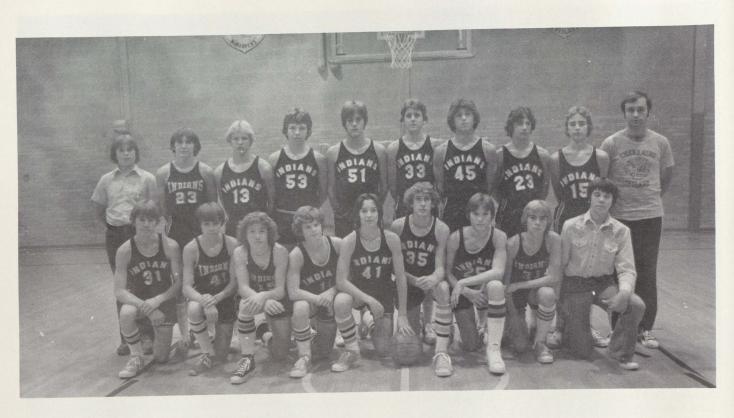

"The whole team has improved," said Coach Molnar. Leon Westervelt leads the way on offense averaging 18 points a game. And on defense Pat Greenfelder and Terry Williams have been doing a great job.

"It has been hard on our four starting juniors, but they are working hard at practice and playing good ball." Coach Molnar explained.

The team was inexperienced but were taught well at hanging in there.

Swimming against a Conference Champ, B team is hard for a first year team. Even if they lost but they gave them a good fight. Corunna finished 126, Chesaning finished 46.

The first meet of the year was a good one. It ended up close; Mt. Morris finished 108, Chesaning finished 64.

The divers put on a show against Corunna with Andy St. Gordon finishing third and Doug Reed finishing fifth.

Some of the swimmers said, "We will be a success someday." "We hope that someday is soon."

Girl's Varsity Cagers Miss Conference Crown

Julie Luplow was the only Senior on the 1977 Girls' Varsity Basketball Team. Julie began playing basketball in her freshman year. She did not participate in basketball in her sophomore year. But she returned to play in her Junior year. Julie didn't play much in her Junior year; but with her determination and hussle, she earned herself a starting guard position in her Senior year. Julie was awarded the most improved player for 1977.

ONE AND ONLY YOU

Every blade of grass, And every flake of snow Are just a wee bit different. There's no two alike, you know.

From something small like grains of sand To each gigantic star, Each one was made with this in mind To be just what they are.

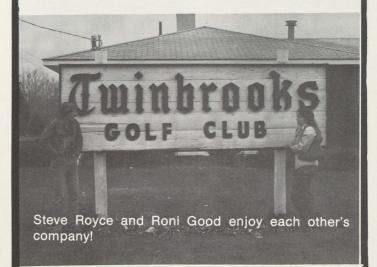

How foolish then to imitate, How useless to pretend, When each one of us comes from a mind Whose ideas never end.

There'll only be just one of me To show what I can do. And likewise you should feel very proud There's only one of you.

Ears to Ya!

The latest fad, which is gaining more and more attention, is double pierced ears. At our school it started out with a few girls having it done, then slowly you'd see or hear of other girls having their second holes punched in. It also has boosted sales for the Earring Companies. "What do you think about double pierced ears?" is the question being asked. Here are some of the responses both positive and negative: "It's different." "Looks pretty neat." "Well, it's unusual." I'd never

get them." "They must be a whack." Answering the question: "Why did you decide to have your ears pierced again?" is Nancy Toma (upper left) "Because when I saw others with double pierced ears, I liked it—I thought it looked sharp!" Suzie Morris (middle right) "Cause I thought it was different, besides Cheryl talked me into it!" Margaret Sutter (lower left) "I thought it looked unique and I like anything that's different!"

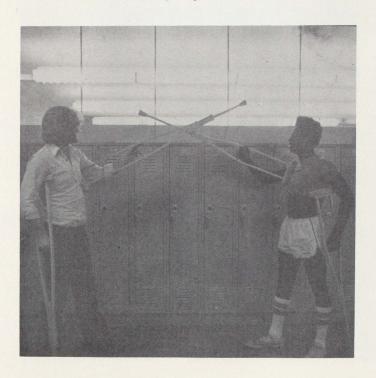

Students Find Support

Left to Right: Jeff Ward, Trina Harris, Jeff Kulhanek, Roberta Ryan and Riley Williams (showing a Blue Cross card) Yvonne Reiber

Dave DeVille, Terry Williams, and John Yurgens.

This year many of our fellow classmates roamed the halls on two wooden sticks called "crutches". This was due to a series of injuries in athletics and while rehearsing for the fall play. Despite their handicapped conditions they still managed to get along as (bottom right) Roberta Ryan and Jeff Kulhanek do. Bottom left shows Dave DeVille and Riley Williams making a serious attempt at sword fighting.

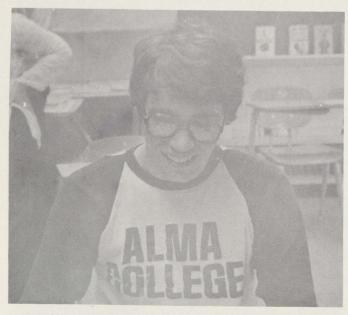

Yearbook Staff Tops Goal

ABOVE: The Seventy-seven, Seventy-eight Yearbook Staff. Left to right: Tammy Temple, Senior Editor and Organizations. Nancy Toma, Editor-In-Chief. Jean Hudecek, Underclassmen Editor. Margaret Sutter, Art and Feature Editor. Cindi Vincent, Organizations and Academics Editor. Mona Keys, Underclassmen Editor. John Yurgens,

Sports Editor. Sue Gasper, Academics Editor. Cheryl Loper, Community Editor. Mike Ruzicka, Sports Editor. And Christy Smith, Community Editor. Missing: Sally Koch, Underclassmen Editor. Ben Cole, Photographer, and Roseanne Sutter, Business Manager and Treasurer.

John Yurgens works on his layouts happily (?) as his deadline approaches.

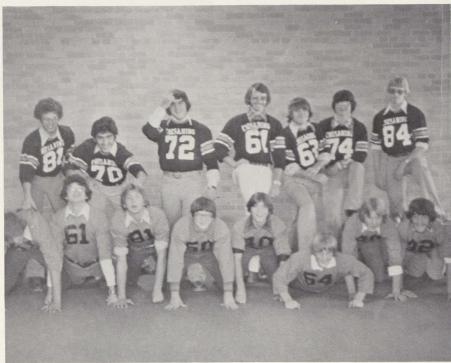

Ms. Roller looks ecstatically at eh ads chart; because it indicates that the Staff has received over \$5,000 in ad sales.

Students Have Fun Together

BELOW: The J.V. Football players, Dan Shooltz, Ruben Espinoza, Gary Cooper, Steve Deveraux, Roger Martinski, Gary Flory, and Chuck Larner, like to show their power—on the freshmen, Jim Prenzler, Mike Burtch, Scott Gewirtz, Ron Neitling, John Palzin, Dan Brettrager, Jerry Coon, and Brian Bila.

RIGHT: Pat Muirhead seems to be in deep contemplation as he looks through a clear drum.

BOTTOM-RIGHT: Bernie Schoch and Larry Neumeyer make sure they keep Dave Sizemore in that garbage can. Try and shut the lid guys!

BELOW: Are these students really waiting as patiently as it seems they are, or are they anxiously waiting to get off the school grounds . . .

Our Gang: So Much

There is so much for Our Gang, here at Chesaning High. There are so many things for us to hear—talking, yelling, laughter, crying, silence. So many things for us to see—guys, girls, friends, teachers. So many things for us to touch—lockers, paper, books, people.

Appreciate the small wonders that make us what we are. They quickly pass. . . Leaving us in the mist of a memory

to Hear, See, and Touch

We hold onto each other experiencing the adventures together which high school brings.

Here we are, us sharing our ventures

First the opportunity to learn and grow
in knowledge.
the relaxation of assemblies
during school hours.
the aroused moments of pep rallies
then the excitement of winning
and the hurt of losing
as in the numerous football, basketball game
and all other sports events...
the fun at dances
Our weekend pleasures...
Snow days and other breaks long awaited...
Finally, for Seniors, the joys of our
last school days as one.

We exist in unity
therefore these and many
other experiences which we have shared
will always remain
the best part of holding onto
the spirit of our gang
here at C.H.S.
